

Soneva

NO JEWS
NO SHOES

Welcome to soneva,

Our team is passionate and committed to offering you moments during your stay that are “new”; being rare and exceptional, but, at the same time “true”; in that they strike the right note within and are highly desired.

We call this “intelligent luxury” and it is the essence of soneva.

We trust that you will enjoy our asian service philosophy - atithi deva bhava - meaning “guest is all important” in sanskrit, as well as our harmony with the environment in which we operate.

It is our desire that you leave us rejuvenated and inspired and that we have succeeded in creating innovative and enlightening slow life.

yours sincerely

Forru and Eva

slow life

is pivotal to Soneva philosophy. It expresses a commitment to our guests to provide complete and unique experiences, while at the same time improving the lives of our hosts and our communities. It is about being at the forefront of environmental sustainability and offering the support, knowledge and simple message on how to rediscover a holistic lifestyle.

Soneva’s core purpose is “to create innovative, enlightening SLOW LIFE.”*

**Sustainable – Local – Organic – Wellness
Learning – Inspiring – Fun – Experiences*

slow

Slow doesn't just refer to the wonderful pace of life at Soneva resorts; it stands for Sustainable, Local, Organic and Wellness. Slow is about a cleaner, healthier way of living which is good for us and the environment. If you need convincing just try our freshly picked rocket salad - some say it's the best in the world. We think a good job is done when Mother Nature is left to her own devices - it's not rocket science or maybe it is!

Sustainable – Local – Organic – Wellness

life

Fill your sun kissed days with invigorating pursuits from sunrise breakfast on our sandbank, morning yoga amongst the treetops, snorkelling along the house reef with our marine biologist to world class diving just beyond. Get wet with water sports such as sailing, windsurfing, kayaking and kite surfing or pack a picnic and discover your own deserted island. As the day winds down, sip champagne on a dolphin cruise, wine taste barefoot, watch the stars on and off the big screen at our Cinema Paradiso or count Saturn's rings from our observatory.

Learning – Inspiring – Fun – Experiences

details

Surprising details delight at every turn. From leather trunks which hide flat screens at the foot of your king size bed and deep leather seats in our private planes for ultimate comfort to electric buggies with dashboards inspired by the Rolls Royce Phantom or our ubiquitous hedgehogs to gently dust down sandy feet.

friday

Inspired by the character from Daniel Defoe's "Robinson Crusoe" our Mr. or Ms. Fridays live up to their namesake. From the moment you step barefoot on to a Soneva resort no task is too big and no detail too small.

Soneva Kiri

koh kood • thailand

destination

350 kilometres southeast of Bangkok and 80 kms off the Thai mainland, the island of Koh Kood deserves its growing reputation for unspoilt natural beauty. Thailand's fourth largest island, at 105 square kilometres, remains remarkably undeveloped with ancient rain forest blanketing hillsides that slope down to deserted, coconut palm shaded beaches and the Gulf of Thailand's pristine cobalt waters. Here on Koh Kood, we count less than 2,000 villagers, mostly fishermen, among our neighbours yet our slice of this paradise feels entirely secluded. This is undiscovered Thailand, Thailand as it should be.

Privacy is the hallmark of Soneva Kiri. Only a handful of villas, heavy on space and light on carbon footprint, are set over 150 acres of untouched tropical rainforest. Chose from our selection of beach, hill or cliff villas all of which are secluded within the lush tropical vegetation and come with a dedicated Mr. or Ms. Friday, private pool and an abundance of airy space to relax in – barefoot luxury at its best.

the den

Arriving at Soneva Kiri, guests immediately notice a striking bamboo structure in the shape of a manta ray jutting out from the jungle. Known as The Den, this captivating combination of art and science impresses the grown-ups but it's really the hive of ideas and activities for our younger guests. Under the loving care of professional child minders, your children can learn to play Thai instruments, batik paint and play all day. As if that will not keep everyone busy enough, there's plenty of beach for building sand castles and star gazing lessons before bedtime.

The Soneva SLOW LIFE Trust is how we practice what we preach. We believe in living lightly and responsibly on earth and the trust enables us to fund projects close to our heart. 2% of our annual revenue is invested into carbon mitigation projects such as our reforestation project in Thailand and most recently the Darfur Stoves Project which is committed to providing energy efficient cook stoves and water treatment systems to 140,000 families suffering from indoor pollution and unsafe water in Darfur, Sudan. The subject of clean water has always been of paramount importance and Sonu Shivasani has recently announced a Clinton Global Initiative commitment at the Clinton Global Initiative 2012 Annual Meeting. The recently launched WHOLE WORLD Water campaign, of which Sonu is a Fund Trustee, will ignite a profit for-purpose initiative that aligns with the UN Millennium Development Goal#7c that seeks to provide clean drinking water to the 780 million people worldwide without access today and the estimated 2.4 billion who will be without access to basic sanitation by 2015.
